Thank you. I am surprised the County continues to meet with Rosemont on this since Rosemont stipulates the County must have an ILF for Pantano Dam for them to buy credits. This is totally leaving out the Corps and the IRT and is something the County cannot control or guarantee.

Just to keep[ you in the loop. These questions were sent out in preparation for a July 21st meeting between Rosemont and Chuck. I think Julia put these together. Both Julia and I will also be in attendance.

You can tell him there is no ILF proposal. Could you share the questions Maura sent him

Hi, Suzanne,

Raul Pina called me today regarding the list of questions that Maura sent him about Rosemont's intentions. He would like to see the ILF proposal. He said he's willing to come over to your office and view it if you don't want to circulate it. If that's a problem-and I suspect it is-- just let me know and I will let him know.

In addition, he wants to meet with me to go over the list of questions in preparation for the meeting with Chuck. I said I could meet Wed 16th at 4. If you want to hear what he has to say, we could certainly re-schedule at a time convenient for you. I suspect he has questions about our concerns and draft responses he's heard from Rosemont to share.

Please advise!
